

ONLINE TRAINING

MOC UNIVERSITY - SERVICE DRIVE TRAINING PROGRAM

Studies show that training increases worker productivity, improves employee satisfaction and motivation, and consequently staff retention. A well trained employee is more confident in their role, which improves morale, communication and customer experience.

- 2 Minute training modules for beginners to seasoned vets.
- Uses “White Board Illustration” technology.
- Ability to monitor and manage student progress.
- Helps establish a consistent routine on the service drive.
- Quizzes after each module measure retention and learning.
- Flexible, web-based platform allows training anytime and anywhere.
