HEV SERVICE KIT

PART # 05951

REVIVE

INTERNAL ENGINE CLEANER

Formulated to soften and dissolve oil sludge and harmful deposits from piston rings, restoring lost power and compression.

DEFEND

INTERNAL ENGINE PROTECTION

Fortifies new fluid against oxidation, reduces friction, and helps prevent the formation of new oil deposits, between extended service intervals.

BOOST

ENHANCED FUEL STABILIZER

Formulated to keep gasoline from degrading, removes moisture and carbon deposits, and restores power, performance, and fuel efficiency.

FEATURED EQUIPMENT

MOC's new Air Brake Conversion Kit is designed for compatibility across various bottom machine chassis, and can easily bring new life to outdated equipment in as little as 20 minutes.
