AUTOMOTIVE DRESSING - #5141

## PERFORMANCE RATINGS:

- Gloss - 8 Durability - 3

## OUTSTANDING FEATURES

- Durable water-resistant shine.
- Complies with VOC regulations.
- Color-coded compliant packaging.
- Contains special agents to promote an even, streak-free finish.

## DESCRIPTION

A VOC-compliant, silicone-based dressing that leaves a glossy, long-lasting, water-resistant shine. This dressing helps restore, beautify, and protect tires, trim, moldings, and other exterior surfaces. Bright Shine also restores rubber and plastic surfaces depleted by UV damage.

## APPLICATION

Make sure tires or trim are clean and dry before applying product. 1.) Apply product with a trigger sprayer, sponge, or brush until there is complete coverage. 2.) Allow product to dry and wipe away excess with a clean towel (to prevent "sling"). Important! Excess product and improper application of dressings on tires may result in product "sling" or splatter which can stain adjacent painted surfaces of a vehicle.
